CHIEF FINANCIAL OFFICER'S DESK

DEAR VALUED STAKEHOLDERS,

It is with great satisfaction and optimism that I present to you the financial overview of Eighty Jewellers Limited for the year ended March 31, 2025.

We are pleased to report another year of strong financial performance, driven by sound fiscal management, disciplined execution, and a forward-looking business approach. Our Profit After Tax (PAT) stood at ₹185.25 lakh for FY 2024–25, a significant rise from ₹145.75 lakh in the previous fiscal year, marking a healthy growth of over **27%**. Correspondingly, our Earnings Per Share (EPS) improved to **₹1.82**, up from ₹1.43 in FY 2023–24—a clear reflection of our enhanced **shareholder value and operational efficiency**.

This performance gains even more significance in the context of the evolving landscape of the gems and jewellery industry. The year witnessed a dynamic interplay of changing consumer behaviour, rising demand for branded and ethically sourced jewellery, and increasing digital engagement. Indian consumers—especially millennials and Gen Z—are showing **growing preference for lightweight, everyday-wear designs and certified authenticity**, prompting a shift from traditional buying patterns to more informed, experience-driven choices.

Global trends also indicate a strong increasing use of customization, AR-based try-ons, and an e-commerce platform has redefined how customers discover and purchase jewellery. At Eighty Jewellers, we have begun aligning with these trends through digital initiatives, data-backed retail strategies, and a renewed focus on transparency and traceability.

We continue to maintain a prudent balance between growth investments and cost optimization. Our financial strategy is underpinned by robust risk management and a focus on long-term value creation. The consistent improvement in profitability and EPS reflects the strength of our core business and the agility of our financial planning.

As we move ahead, we are committed to strengthening our capital structure, improving operational leverage, and supporting strategic expansion across promising geographies and formats. With a clear focus on efficiency, innovation, and responsible governance, we aim to build sustainable value for all our stakeholders.

I extend my heartfelt thanks to our Board, management team, and employees for their unwavering commitment, and to you—our valued shareholders—for your continued trust and encouragement.

Let us look forward to a future defined by resilience, growth, and brilliance.

This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The boards of directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements:

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- 1) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- 3) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- 5) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that individually or in aggregate, make it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider, quantitative materiality and qualitative factors in

- (i) Planning the scope of our audit work and in evaluating, the results of our work; and
- (ii) To evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

TO THE INDEPENDENT AUDITORS REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF EIGHTY JEWELLERS LIMITED (Formerly known as EIGHTY JEWELLERS PRIVATE LIMITED)

Report on the Internal Financial Controls over financial reporting under clause (i) of sub-section 3 of the 143 of the Companies Act, 2013.

We have audited the internal financial controls over financial reporting of EIGHTY JEWELLERS LIMITED (Formerly known as Eighty Jewellers Pvt. Ltd.) (“the Company”) as of 31st March 2025 in conjunction with our audit of the financial statements of the Company for the full year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting.

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting.

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and according to the information and explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE TO BOARD S' REPORT
"Annexure-06"
MANAGEMENT DISCUSSION & ANALYSIS REPORT

For the financial year ended 31.03.2025
[Pursuant to Regulation 34(2)(e) and Schedule V of
SEBI (Listing Obligation and Disclosure Requirements) Regulation, 2015]

This report is a critical component of the Board's Report, serving as a key reference for stakeholders — including shareholders, investors, and analysts — to evaluate the Company's strategic initiatives, financial strength, and business trajectory. By integrating both quantitative financial data and qualitative operational insights, the report delivers a well-integrated overview of the Company's current standing and future prospects.

GEMS & JEWELLERY INDUSTRY STRUCTURE AND DEVELOPMENTS

The Indian jewellery industry remains a cornerstone of the nation's retail sector, with gold and diamond jewellery continuing to be in high demand across urban and rural markets. In FY 2024–25, despite inflationary pressures and global economic uncertainty, the industry maintained resilience, supported by cultural affinity towards gold, rising disposable income, and increased digital penetration. Organized jewellery retail continued gaining ground, driven by consumer preference for trust, certification, and transparent pricing.

KEY INDUSTRY TRENDS:

- **Gold Prices:** In FY 2024–25, gold prices remained elevated throughout the year, contributing to significant shifts in consumer behavior. Despite a 5% rise in overall gold demand to 802.8 tonnes, jewellery demand fell by 2% to 563.4 tonnes due to high prices deterring discretionary purchases. In contrast, investment demand surged by 29% to 239.4 tonnes, reflecting growing consumer preference for gold ETFs, coins, and bars over traditional jewellery.
- **Shift in Consumer Preferences:** Consumers are increasingly opting for solitaires and studded jewellery over traditional gold pieces. This shift is attributed to the rising cost of gold and the growing appeal of diamond and gemstone-adorned jewellery.
- **Digital Gold Investment:** With soaring gold prices and low retail jewellery demand, there has been a significant rise in Gold Exchange-Traded Fund (ETF) investments.
- **Export Challenges:** India's exports of cut and polished diamonds dropped to their lowest point in nearly 20 years during FY 2024/25, with a year-on-year decline of 16.8% to \$13.3 billion. This decline was driven by weak demand from key markets like the United States and China.*

*(Data has been retrieved through various sources)

GOVERNMENT INITIATIVES AND BUDGETARY SUPPORT

The Indian government has introduced several measures to support and promote the gems and jewellery industry:

- **Customs Duty Reduction:** In the Union Budget 2025, the government reduced the basic customs duty on gold and silver to 6% and on platinum to 6.4%. This move aims to enhance domestic value addition in gold and precious metal jewellery.
- **Taxation Reforms:** The government abolished the 2% equalisation levy and introduced a safe harbour tax on rough diamond trading, positioning India as a potential trading hub for diamonds.
- **Hallmarking Regulations:** From 1st April 2023, hallmarking of gold jewellery became mandatory, ensuring quality assurance and building consumer trust.
- **Infrastructure Development:** The establishment of the India Jewellery Park in Navi Mumbai and the Bharat Ratnam Mega Common Facility Centre in SEEPZ, Mumbai, aims to provide state-of-the-art infrastructure for jewellery manufacturing and exports.
- **Support for MSMEs and Artisans:** The government has introduced schemes like PM Vishwakarma, PM SVANidhi, and Stand-Up India to support artisans and MSMEs in the gem and jewellery sector. Additionally, the introduction of the Parichay Card facilitates access to social security benefits for workers.

OPPORTUNITIES AND THREATS FOR INDUSTRY

OPPORTUNITIES:

- **Growing Preference for Branded Jewellery:** The shift towards organized retail and branded jewellery is gaining momentum, driven by consumer trust and transparency.
- **Expansion Potential in Tier-II and Tier-III Cities:** There is significant growth potential in smaller cities and towns, where organized retail penetration is still low.
- **Rising Demand for Lightweight and Contemporary Designs:** Changing consumer preferences towards lightweight and daily wear jewellery present new avenues for growth.

THREATS:

- **Fluctuations in Gold Prices:** Volatility in gold prices can impact consumer purchasing behaviour and profit margins.
- **Regulatory Changes:** Changes in taxation and import duties can affect cost structures and profitability.
- **Competition from Unorganized Sector:** The unorganized sector continues to pose a challenge, especially in price-sensitive markets.

Despite these risks, the gems and jewellery industry is a resilient industry, and it is expected to continue to grow in the coming years. In India this industry is one of the largest contributors to the global jewellery & diamond market and occupies a very significant position in the Indian economy.

Investment in sustainable jewellery has surged as consumers prioritize ethical and environmentally conscious choices.

GEMS AND JEWELLERY MARKET SIZE

India's jewelry retail sector has surged to USD 80 billion (₹6400 billion) in the financial year 2025 from USD 50 billion in 2018, according to a report by Motilal Oswal Financial Services.

The report highlighted multiple drivers that led to the rapid growth of the industry, including rising disposable income, an improving mix for regular wear of jewelry, enhanced product offerings (design, diamonds, etc.), trust-building through mandatory hallmarking by the government, and a better buying experience at organized retail outlets.

EXPORT

As per Ministry of Commerce and Trade:

Total exports of merchandise and services in FY 2024-25 begins with strong growth of 6.88%; estimated at USD 64.56 Billion in April 2025 as compared to USD 60.40 Billion in April 2023

Non-petroleum & Non-Gems & Jewellery exports register an increase of 1.32% from USD 25.77 Billion in April 2023 to USD 26.11 Billion in April 2025

FUTURE OUTLOOK

India's gold, gems and jewellery sector expects more sops, infrastructure boosts and policy incentives in the upcoming Union Budget 2024-25 to make India a global leader in this business.

The gold and jewellery industry, which contributes 1.3% to the Indian GDP and employs 2-3 million people, expects continuation of pro-growth and pro-gold policy reforms, including further ease of doing business to aid the industry's reform and organised growth, say industry leaders.

Against the backdrop of high prices of gold, the industry demands the Government to reduce duties to curb the illicit import of gold into the country. At present total taxes on gold are over 18% (including 15% of import duty) and such high taxes act as incentives for getting gold into the country from illicit routes, impacting tax-compliant industry stakeholders. Hence, the industry demands a significant reduction of import duty on gold from current highs of 15%, which was not considered in the past few Union Budgets.

The company faces various risks, including fluctuations in gold prices, regulatory changes, and economic downturns. To mitigate these risks, Eighty Jewellers Limited employs a robust risk management framework, focusing on diversification, hedging strategies, and compliance with regulatory requirements.
