CHAIRMAN'S DESK

DEAR VALUED STAKEHOLDERS,

It gives me immense satisfaction to place before you the Annual Report of Eighty Jewellers Limited for the financial year 2025-26.

The gems and jewellery industry continues to operate in a climate shaped by shifting consumer preferences, fluctuating precious metal prices, and heightened competitive intensity. Amid these conditions, your Company has demonstrated the ability to adapt with purpose rather than merely respond to circumstance. I am pleased to report that our Profit after Tax stood at ₹ Rs. 974.35 lacs Lakhs for FY 2025-26, as against Rs. 185.25 Lakhs in the 2024-25, representing a growth of approximately 425.97%. This outcome is a reflection not of a single decision or initiative, but of consistent, disciplined execution across every part of our organisation.

Trust remains the true currency of our industry, and it is not something that can be manufactured overnight—it is earned, transaction by transaction, generation by generation. Our efforts this year have been directed at strengthening that trust further: through rigorous quality assurance, transparent pricing practices, and a customer experience that treats every visit to our showrooms as an occasion worthy of care and attention.

On the operational front, our Bilaspur retail outlet, established in year 2021-22, continued to mature and deepen its connection with the local market during the year under review, reflecting sustained customer loyalty and encouraging footfall growth. Alongside this, we introduced our Rajwada and heritage antique jewellery lines, together with a distinctive silver jewellery range, reaffirming our commitment to preserving traditional craftsmanship while catering to evolving customer preferences.

I would also like to reiterate that our understanding of growth is not confined to financial metrics alone. We continue to place emphasis on responsible business conduct, ethical sourcing practices, and sound governance frameworks that protect the interests of all our stakeholders.

As we look to the year ahead, our priorities are clearly defined: deepening our presence in existing markets, exploring opportunities in new geographies, strengthening our digital and operational infrastructure, and continuing to invest in the people who form the backbone of this organisation. We approach these priorities with measured ambition mindful of the discipline that sustainable growth demands.

On behalf of the Board, I extend my heartfelt gratitude to our employees for their diligence, to our customers for their continued patronage, to our business partners for their collaboration, and to you, our shareholders, for the confidence you have consistently placed in this organisation.

I look forward to your continued support and association as we carry this legacy of craftsmanship and trust into the years ahead.

Nikesh Bardia

Chairman & Managing Director

CHIEF FINANCIAL OFFICER'S DESK

DEAR VALUED STAKEHOLDERS,

I am pleased to share with you the financial performance of Eighty Jewellers Limited for the year ended March 31, 2026.

Our results this year continue to reflect the discipline and prudence that guide our financial decision-making. The Company's Profit After Tax (PAT) for FY 2025-26 stood at ₹ 974.35 lakh, compared to ₹185.25 lakh recorded in FY 2024-25. Our Earnings Per Share (EPS) similarly moved to ₹ 9.55, from ₹1.82 as compared to the previous fiscal year, reaffirming our steady progress in enhancing shareholder returns.

These numbers acquire deeper meaning when viewed against the backdrop of a gems and jewellery sector that continues to transform at a rapid pace. Customer expectations today are

shaped as much by design and heritage as they are by certification, traceability, and ease of purchase. We have observed a continuing shift among our customers—particularly younger buyers—towards lighter, more versatile jewellery pieces backed by verifiable authenticity, moving away from purely occasion-driven purchasing towards more considered, everyday choices.

Our financial approach through the year remained anchored in balancing growth-oriented investments with prudent cost discipline. We have continued to reinforce our risk management practices while keeping sight of long-term value creation over short-term gains. The steady trajectory in our profitability metrics is, in our view, a fair reflection of both the resilience of our core operations and the soundness of our financial planning.

Going forward, our priorities remain clear: reinforcing our capital base, improving the efficiency with which our resources are deployed, and supporting the Company's expansion plans in a financially sustainable manner. We remain committed to conducting our financial affairs with transparency, discipline, and an unwavering focus on stakeholder value.

I would like to thank our Board of Directors, our management team, and our employees for their continued diligence, and you, our shareholders, for the confidence you place in us year after year.

We look ahead with confidence to a future built on financial strength and sustained value creation.

Nitin Bardia

Chief Financial Officer & WTD

CHIEF OPERATING OFFICER

The year gone by at Eighty Jewellers Limited has been one of consolidation and considered advancement. As we look back on FY 2025-26, we are reminded that our work extends well beyond the conventional boundaries of retail and inventory management. At its heart, our purpose remains unchanged—honouring the promise we make to every customer, in every interaction, without exception.

FY 2025-26 asked us to build upon the groundwork laid in previous years, and we responded by sharpening our focus rather than simply sustaining our position. Customers today are more informed, more discerning, and increasingly attentive to transparency and sustainable practices. We have come to recognise that the ability to adapt swiftly to these expectations is no longer optional—it has become central to how we define success.

“

A continuing pillar of strength for us has been our unwavering focus on natural diamonds. These enduring symbols of trust and authenticity carry significance for our customers that go far beyond their monetary value. As global appreciation for ethically sourced, certified natural diamonds continues to grow, we see this as an opportunity to further cement our standing as a dependable name in fine jewellery. For us, natural diamonds are not merely a category of luxury—they represent our steadfast commitment to quality, heritage, and the enduring relationships we cultivate with every customer we serve. By maintaining transparency in our sourcing practices and helping customers understand the lasting value that natural diamonds hold, we continue to align our business with both changing market sentiments and timeless customer values.

As we turn our attention to FY 2026-27, we have set ourselves clear priorities to build on this momentum:

- Harness data-driven insights to more accurately anticipate and respond to customer demand
- Deepen and expand technology-enabled services that enhance the customer journey
- Tailor our store formats to better reflect the preferences and needs of local markets
- Align our operational practices more closely with our environmental and social sustainability commitments

We remain committed to building an organisation that is not only equipped for future growth but is also anchored in long-term responsibility and adaptability.

I extend my heartfelt appreciation to our dedicated teams, our valued business partners, and our loyal customers, whose continued trust and support have made this journey possible. Thank you for continuing to be an integral part of our journey.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The boards of directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements:

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- 1) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- 3) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- 5) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that individually or in aggregate, make it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider, quantitative materiality and qualitative factors in

- (i) Planning the scope of our audit work and in evaluating, the results of our work; and
- (ii) To evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

We have audited the internal financial controls over financial reporting of EIGHTY JEWELLERS LIMITED (“the Company”) as of 31st March 2026 in conjunction with our audit of the financial statements of the Company for the full year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting.

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting.

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and according to the information and explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE TO BOARD S' REPORT
"Annexure-06"
MANAGEMENT DISCUSSION & ANALYSIS REPORT

For the financial year ended 31.03.2026
[Pursuant to Regulation 34(2)(e) and Schedule V of
SEBI (Listing Obligation and Disclosure Requirements) Regulation, 2015]

This report is a critical component of the Board's Report, serving as a key reference for stakeholders — including shareholders, investors, and analysts — to evaluate the Company's strategic initiatives, financial strength, and business trajectory. By integrating both quantitative financial data and qualitative operational insights, the report delivers a well-integrated overview of the Company's current standing and future prospects.

GEMS & JEWELLERY INDUSTRY STRUCTURE AND DEVELOPMENTS

The Indian gems and jewellery industry continues to occupy a prominent position in the country's retail, manufacturing and export ecosystem. Gold and jewellery continue to have strong cultural and financial significance in India, supported by wedding and festive consumption, household savings, rising disposable incomes, increasing urbanisation and the gradual shift towards organised retail.

During FY 2025–26, the industry operated against a challenging backdrop of exceptionally high gold prices, changing consumer preferences, geopolitical uncertainties and evolving international trade conditions. While elevated gold prices constrained jewellery demand in volume terms, the value of jewellery consumption remained resilient as consumers continued to allocate significant expenditure towards gold. The industry also witnessed increasing preference for lightweight, contemporary and studded jewellery, together with greater consumer emphasis on purity, certification, transparency and trusted brands.

The organised jewellery retail segment continued to gain importance as consumers increasingly preferred established retailers offering hallmark-certified products, transparent pricing, wider product ranges and enhanced customer experience.

KEY INDUSTRY TRENDS:

- **Gold Prices:** FY 2025–26 was characterized by a sharp increase in gold prices, which materially influenced consumer purchasing behaviour. According to the World Gold Council, Indian gold jewellery demand for calendar year 2025 declined to approximately 430.5 tonnes, compared with 563.4 tonnes in 2024, representing a decline of around 24% in volume terms. However, the value of jewellery demand increased significantly, reaching approximately US\$49 billion, reflecting the impact of substantially higher gold prices.
- **Shift in Consumer Preferences:** Consumers are increasingly opting for solitaires and studded jewellery over traditional gold pieces. This shift is attributed to the rising cost of gold and the growing appeal of diamond and gemstone-adorned jewellery.

- **Digital Gold Investment:** With soaring gold prices and low retail jewellery demand, there has been a significant rise in Gold Exchange-Traded Fund (ETF) investments.
- **Export Challenges:** Gold jewellery exports remained comparatively stable at approximately US\$11.36 billion during FY 2025–26. Notably, studded gold jewellery exports increased by approximately 6.27%, demonstrating continued consumer interest in value-added and design-oriented jewellery products. The UAE remained India's largest gems and jewellery export destination during FY 2025–26

*(Data has been retrieved through various sources)

GOVERNMENT INITIATIVES AND BUDGETARY SUPPORT

The Indian government has introduced several measures to support and promote the gems and jewellery industry:

- **Customs Duty Reduction:** in the Union Budget 2025–26 introduced tariff rationalisation in the precious-metal segment, including a reduction in the tariff rate applicable to articles of jewellery and parts thereof under specified customs classifications.
- **Taxation Reforms:** The government abolished the 2% equalisation levy and introduced a safe harbour tax on rough diamond trading, positioning India as a potential trading hub for diamonds.
- **Hallmarking Regulations:** From 1st April 2023, hallmarking of gold jewellery became mandatory, ensuring quality assurance and building consumer trust.
- **Infrastructure Development:** The establishment of the India Jewellery Park in Navi Mumbai and the Bharat Ratnam Mega Common Facility Centre in SEEPZ, Mumbai, aims to provide state-of-the-art infrastructure for jewellery manufacturing and exports.
- **Support for MSMEs and Artisans:** The government has introduced schemes like PM Vishwakarma, PM SVANidhi, and Stand-Up India to support artisans and MSMEs in the gem and jewellery sector. Additionally, the introduction of the Parichay Card facilitates access to social security benefits for workers.

OPPORTUNITIES AND THREATS FOR INDUSTRY

OPPORTUNITIES:

- **Growing Preference for Branded Jewellery:** The increasing emphasis on purity, hallmarking, transparent pricing, quality assurance and customer service provides significant opportunities for organised and established jewellery retailers.
- **Expansion Potential in Tier-II and Tier-III Cities:** Organised jewellery retail has considerable scope for expansion in smaller cities and towns where traditional jewellery demand remains strong but organised retail penetration is comparatively lower.
- **Rising Demand for Lightweight and Contemporary Designs:** Changing consumer preferences towards lightweight and daily wear jewellery present new avenues for growth.
- **Increasing Demand for Studded Jewellery:** The resilience of studded gold jewellery exports during FY 2025–26 highlights the potential for value-added jewellery categories. Product differentiation through diamonds, coloured gemstones and innovative designs may provide opportunities for margin enhancement and customer acquisition.

THREATS:

- **Fluctuations in Gold Prices:** Sharp fluctuations and sustained increases in gold prices can adversely affect jewellery affordability and result in lower purchase volumes, particularly in price-sensitive segments.
- **Regulatory Changes:** Changes in tariffs, trade policies and import regulations in major export markets can adversely affect India's export competitiveness.
- **Competition from Unorganized Sector:** The unorganized sector continues to pose a challenge, especially in price-sensitive markets.
- Despite these risks, the gems and jewellery industry is a resilient industry, and it is expected to continue to grow in the coming years. In India this industry is one of the largest contributors to the global jewellery & diamond market and occupies a very significant position in the Indian economy.
- Investment in sustainable jewellery has surged as consumers prioritize ethical and environmentally conscious choices.

GEMS AND JEWELLERY MARKET SIZE

The organised jewellery market is expected to continue growing at a faster pace than the overall industry. Motilal Oswal Financial Services had projected the overall Indian jewellery market to grow at approximately 15–16% CAGR and reach around USD 145 billion by FY 2027–28, with the organised/formal segment expected to increase its share to approximately 42–43% of the total market.

India's jewelry retail sector has surged to USD 80 billion (₹6400 billion) in the financial year 2025 from USD 50 billion in 2018, according to a report by Motilal Oswal Financial Services.

During FY 2025–26, the industry continued to benefit from the long-term trend towards formalisation and organised retail, although exceptionally high gold prices affected jewellery demand in volume terms. Higher gold prices resulted in increased realisations and continued value growth, while consumers increasingly preferred lightweight designs, lower ticket-size products and value-added jewellery. Organised retailers remained relatively well positioned due to their established brand presence, product innovation, customer trust and ability to provide transparent and standardised buying experiences. Industry assessments also indicate that, despite pressure on sales volumes, organised gold jewellery retailers could continue to record healthy revenue growth on account of higher gold realisations.

EXPORT

According to GJEPC- total gems and jewellery exports during FY 2025–26 were approximately US\$27.72 billion, compared with US\$28.67 billion in FY 2024–25. Cut and polished diamond exports stood at approximately US\$12.16 billion, while gold jewellery exports were approximately US\$11.36 billion.

FUTURE OUTLOOK

Union Budget 2025–26 continued to focus on strengthening the gems and jewellery ecosystem, including measures supporting the development of the lab-grown diamond sector and enhancing India's position in

the global jewellery value chain. The gold and jewellery industry, which contributes 1.3% to the Indian GDP and employs 2-3 million people, expects continuation of pro-growth and pro-gold policy reforms, including further ease of doing business to aid the industry's reform and organised growth, say industry leaders.

Against the backdrop of high prices of gold, the industry demands the Government to reduce duties to curb the illicit import of gold into the country. The Government has rationalised the import duty structure on gold, with the basic customs duty reduced to 6%, along with applicable AIDC and GST of 3%. The rationalised duty structure is intended to support the organised gems and jewellery sector, promote domestic value addition and improve the competitiveness of compliant industry participants.

RISKS & CONCERNS

The company faces various risks, including fluctuations in gold prices, regulatory changes, and economic downturns. To mitigate these risks, Eighty Jewellers Limited employs a robust risk management framework, focusing on diversification, hedging strategies, and compliance with regulatory requirements.
